

# GEAR LEG ORDER FORM

Please note: If you do not follow these simple instructions, you lose. If you follow these instructions to the letter, you win, and the job gets done in an orderly time frame.

1. Print out these instructions along with the form below.
2. Send us a copy of your drawing of the part you want us to make. If you do not have a drawing, call us to see if we may have one. (there are gear leg drawings on this site if that'll help you.)
3. Fill out the attached sheet with correct addresses, home & shipping addresses, phone # where you can be reached, along with any specific instructions. Do not expect us to remember your phone call and the details of the call from 2 weeks or a month ago. We're old.
4. Enclose all pertinent information along with a check in the amount of \$200.00 as a deposit on main gear legs, or \$100.00 as a deposit on tail springs. (this will initiate the job on our end) We will bill you for shipping charges and any balance owed, or refund any overpayment.
